The stream of life must aiso be kept within bounds. Our board of education and faculty provide firm barriers and retaining walls in order that we may be guided in the proper direction.

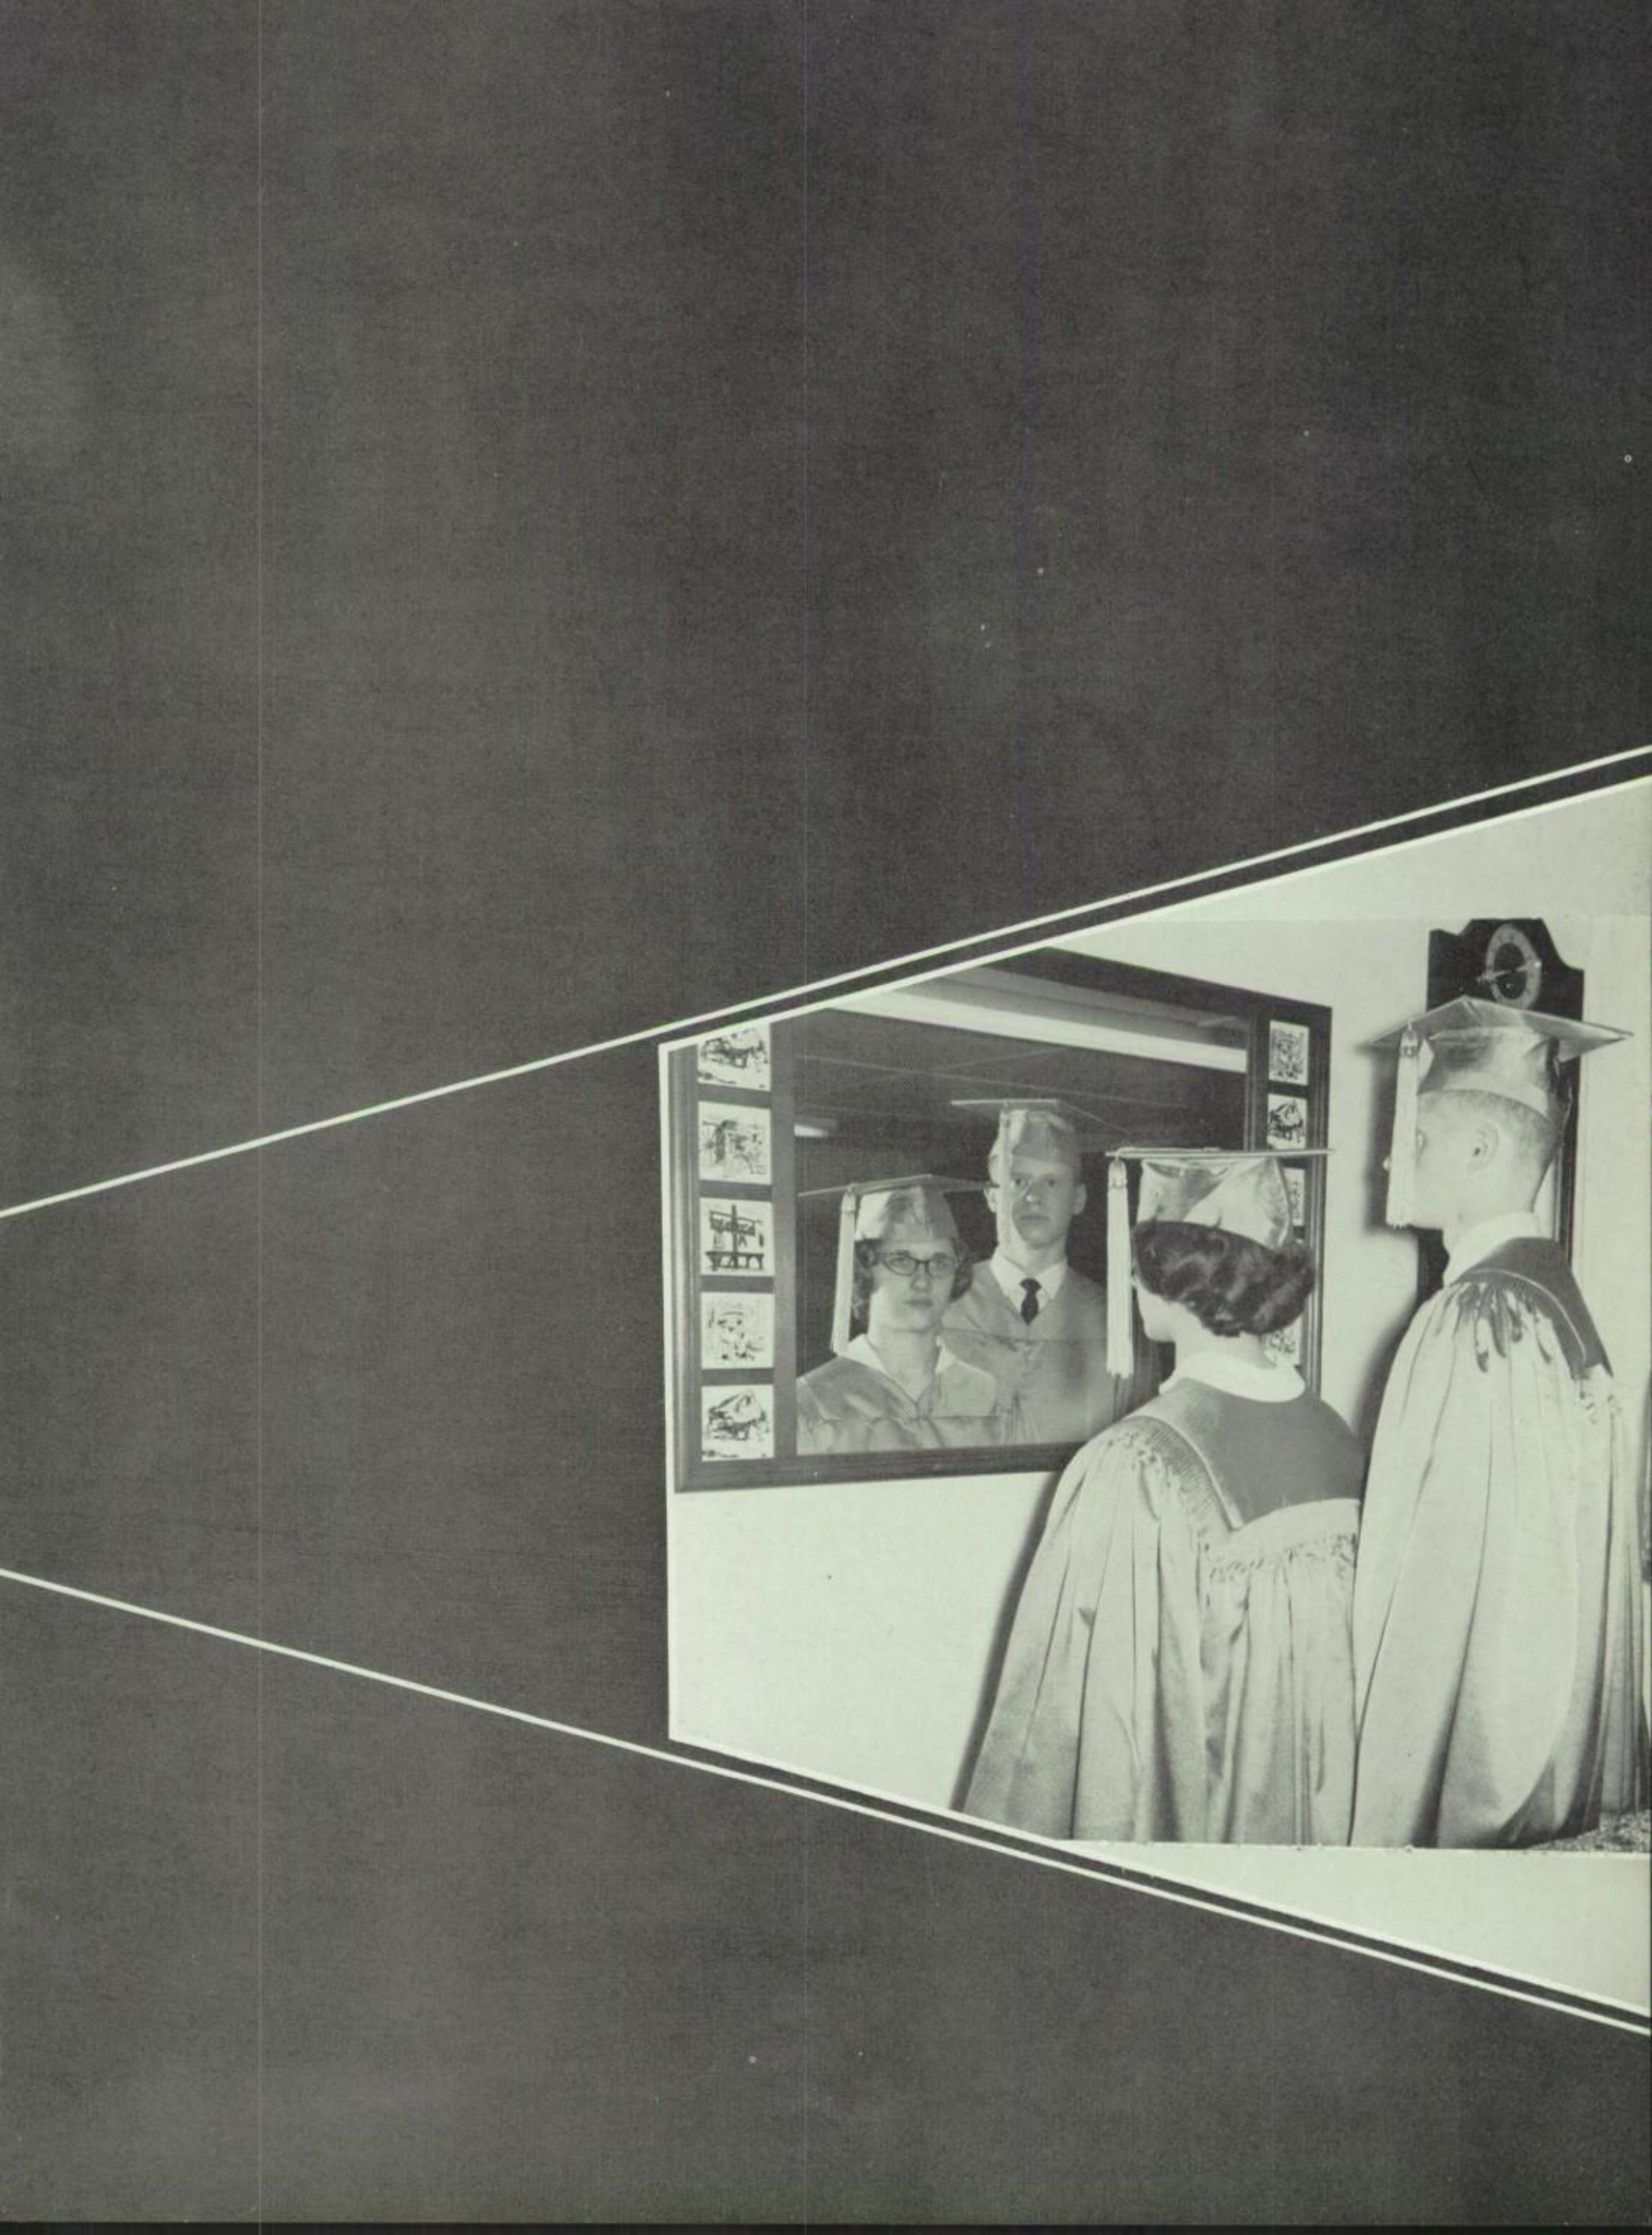
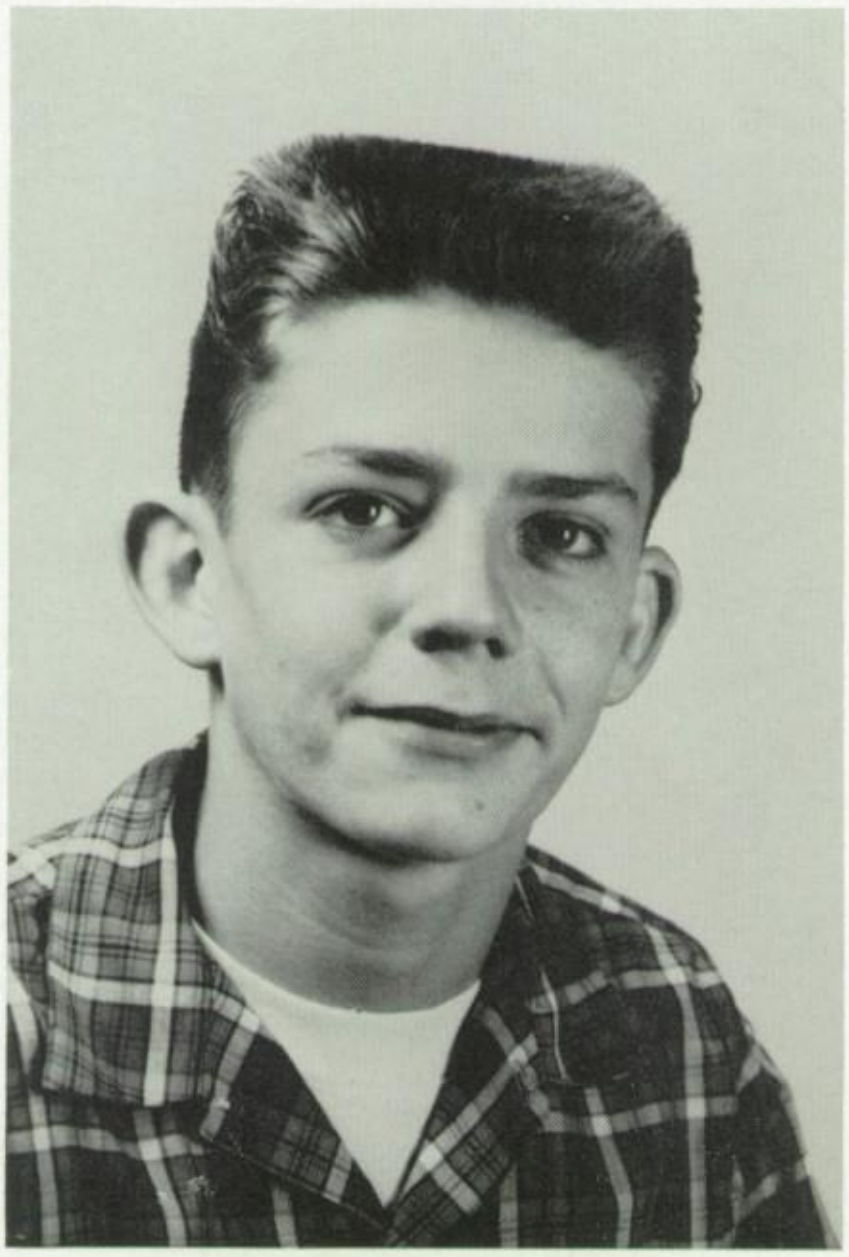
Graduation from school is not an end for seniors. It is really the beginning of a new life, and what they do with this life is a "reflection" of what they have accomplished while attending school.

SENIORS



IN MEMORIAM



DANIEL KIMMEL

Danny was a member of the class of 1964 during his freshman year. We regret that he had to leave our class due to illness, followed by his death on July 9, 1962.

SO SOON DEPARTED

A friendship brief can do so much to give us happiness
And many times it even helps to guide us to success.
Yes, it is really sad when friends so new are quickly gone
And yet they are the very ones who help us carry on.
God lets us have them just a while, then calls them to their rest
And for that special blessing we should strive to do our best.

For many people, music is a significant thributary in our stream of life. Music seems to reflect our inner moods and thoughts as nothing else can. It may be a vocation or an avocation, but regardless of which course your musical stream may take, you will find that "Where words fail— music speaks."

CHRISTMAS PROGRAM

SOUTH PACIFIC

"There is nothing like a dame"

"Danse des Merlintons"

"This nearly was mine"

"Talk about things you like to do"

"In your heart you'll hear it call you"

"I'm as corny as Kansas in August"

"I have found me a wonderful guy"

"I'm gonna wash that man right out of my hair"

Come walk with me and dream, my dear,
As daylight fades to dusk.
We've such fond memories to share
With meaning but for us.

As our stream of life is an active one, many of our "fond memories" are those of the activities of our high school days. Let us now brush back the web of forgetfulness and glance "upstream" at a few of these activities through the magic of photography.

The National Honor Society for secondary schools was created in 1921 by the National Association of Secondary School Principals. Its purpose is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop the character of the students of America's secondary schools.

Students are eligible to become members in either their junior or senior year of high school. The members of this society were elected by the faculty members on the basis of character, scholarship, leadership, and service.

The induction services were held April 24 in the school auditorium and the banquet was held May 19 at the Par-a-Dice Restaurant.

"Thank You"

We have given you a "reflection" through pictures and words of this year, 1964, at Buckeye Central High School. This has been made possible by the cooperation of many people. We wish to recognize and thank Steele's Studio for their photography, Mr. Love for his originality and contributions in photography, the Herald Printing Company for the printing, Mrs. Alice Nicol for the art work in charoal on page 2, and the Intercollegiate Press for their work in making the book. We wish to express our appreciation for the cooperation of the administration, the faculty, and the student body for the support they have willingly given us. Then, most of all, we wish to say "Thank You" to those of you who have placed advertisements in the following pages. Without your support it would be impossible to publish the book.
